Pris Abell Director of Parks and Recreation informed the Committee the existing merry go round has been repaired 4 times and is 13 years old. We have located a wholesale company that ships out of Saint Louis, MO, giving us the low quote.

Moved by Alderman John Taylor and second by Alderman Mike Hall to recommend to take action on the purchase of a new Merry Go Round for Washington Park in the amount of \$2,999.00 from Bluegrass Playgrounds, INC. (low quote);

With concerns of the rising waters we need have enough stay-dry for the ballfields. The consensus was to approve up to \$6,500 and order as needed. Stay dry is crushed brick and find it works better than sand. We have a park we can be proud of and need to continue the upkeep stated Pris.

Moved by Alderman John Taylor and second by Alderman Mike Hall to recommend to take action on the purchase of Stay Dry for ballfields as needed with a cap of \$6,500;
